Complaint has been made to the Mon-ITOR that waste paper and other rubbish has been dumped on the ice or upon the shores of Crystal lake and blown over a large territory. This is wrong. It not only mars the beauty of the lake but contaminates the water and when the ice melts in the spring will clog outlet strainers. Paper and all kinds of rubbish that will burn should be burned. Let everyone be careful about scattering paper and rubbish on the streets. It makes a great difference in the appearance of a town.

Mrs. O. E. Cowles entertained the Woman's Literary Club Wednesday evening, Feb. 28th. Twelve members braved February's farewell weather, and the pleasant evening following was well worth the effort. Owing to illness the program was quite informal, consisting of roll call responded to by quotations from Longfellow; paper, "Loubet," Mrs. Tenney; reading, "Wife of the President of France," Mrs. Occutt; recitation, "The Wreck of the Hesperus," Mrs. Traverse; reading in concert by the club, some of Longfellow's familiar poems. Mrs. Cowles served refreshments in a dainty manner and afterward, Mr. Tenney very kindly carried all the members to their homes.

Last Monday occurred the death of one of our aged and respected matrons, namely, Mrs. Darling, widow of the late Lyman Darling of Glover. She was born in Dover, N. H., on the 21st day of February, 1827. Early in life at the age of five she came to Glover and spent much of her girlhood in Glover and this place. She was educated at the academy at Brownington under the instruction of the renowned Prof. Twilight and at other schools in the county. She

married Lyman Darling of Glover fiftyseven years ago next June and has remained a widow since Mr. Darling's death in 1881. Mrs. Darling's mother was one of the witnesses of the Runaway Pond disaster in 1810, and lived in Glover at the time; the water came within a few rods of her home. Mrs. Darling was an exceedingly well informed lady, with a remarkable memory that was retentive to the last. She was a very active, resolute woman, ready to help the needy whenever opportunity afforded. She had been in her usual health until within a short time of her death, which was caused by a shock.
